HISTORICAL SKETCH

OUR PATRON SAINT

St. Andrew, the Apostle of Greece, the Apostle of Scythia on his way from Sinope to Rome came up the course of Dnieper river with its lofty banks. He saw the heights of Kiev and on them he planted the first cross saying, "See you those hills? For on those hills shall hereafter shine forth the grace of God. There shall be a great city, and God shall cause many churches to rise within it."

THE PURPOSE OF THE COLLEGE

In their petition for the incorporation of St. Andrew's College in Winnipeg its founders had in mind an institution having as its object the maintaining and conducting of a residential and day College for the purpose of giving tuition in university and secondary education subjects, and in theology and in preparatory courses for each of them, and in general of promotion of knowledge according to the principles of the Christian religion.

THE ESTABLISHMENT OF THE COLLEGE

The first Ukrainian Greek-Orthodox Seminary in Canada was organized in 1932 and, at once, the need of a College became apparent. This Seminary continued its work until the end of October 1944 and, during that time, it qualified eleven candidates for priesthood in the Ukrainian Greek-Orthodox Church.

During the first school year, 1932-33, the Seminary was located in the P. Mohyla Ukrainian Institute at Winnipeg. During the next school year, 1933-34, a private building was rented for the purpose, and in the fall of the year 1934 this Seminary continued its work in the newly acquired building by the Church Consistory at No. 7 St. Johns Avenue in Winnipeg. This building is at present used for the girls' residence.

A concrete plan for the establishment of St. Andrew's College was first submitted to the Ministerial Conference held at Winnipeg on June 25, 1943, by Very Rev. S. W. Sawchuk. The plan was approved and the official campaign for funds was announced on January 15, 1944, although the first contribution for this purpose came from St. Julien, Sask., on July 18, 1943, in the sum of \$472.95.

This example was followed by many parishes and public-spirited individuals until it was possible to raise sufficient funds for the purchase of a suitable building, furniture and the necessary equipment.

In response to a general demand that the College be co-educational the board found it necessary to use the Consistory building for the girls' residence until the proposed Girls' Institute is built. The College building itself provides dormitory accommodation for 40 to 50 boys in addition to four class-

rooms, offices, girls' parlour, teachers' rooms, kitchen, dining room, library, chapel, chemistry laboratory, physics laboratory and store rooms.

The College opened for the first time on September 4, 1946, with an experienced teaching staff and modern accommodation. Full grade XI and grade XII courses were provided, equivalent to the Junior and Senior Matriculation or the First Year University. There were 25 students enrolled in grades XI and XII. Thirteen students of the second and third year were also in residence as well as five others who attended commercial and vocational schools.

The College fills the educational needs of a progressive community in the Ukrainian Greek-Orthodox Church of Canada by following the aims outlined above with special emphasis on the moral and religious qualities of character as the core of good citizenship. The main purpose of the College, however, is to train and supply priests and leaders for the church which is rapidly growing in membership and in the number of parishes.

The College, in accordance with its Charter, issues Certificates in Theology and confers degrees of Bachelor of Divinity and Doctor of Divinity. Its theological department is being built up gradually and it is hoped that young men trained in this College will take advantage of the opportunity to serve their church and the community.

Department of Theology

St. Andrew's College in Winnipeg provides courses of instruction leading to the Certificate in Theology and to the degree of Bachelor of Divinity as outlined in the schedule below. This arrangement will be in effect for two years. Students who register for the B.D. course after September 1-st, 1948, will have to take a combined course leading to the degree of Bachelor of Arts and Bachelor of Divinity. The course will probably require six years after junior matriculation (Grade XI).

Students are strongly advised to complete the B. A. course first, but more mature students and priests of the Ukrainian Greek-Orthodox Church of Canada who wish to obtain a Certificate in Theology or a B.D. degree may, with the approval of the Senate, register for the courses before September 1st 1948. Upon submission of evidence of equivalent standing, credits may be given for any subjects or classes in any year.

Upon completion of the first three years of the course, a Certificate in Theology will be given. The degree of B.D. will be conferred after the following requirements are met:

1. The completion of the fourth year of the Theology Course.
2. One year's ministry as an ordained priest of the Ukrainian Greek-Orthodox Church of Canada.
3. Submission of a Thesis approved by the faculty.

The second condition need not apply to the priests already in the field on September 1st, 1946. Credits for Thesis may be given to the priests who have made outstanding contribution in the fields of literature or Theology.

It is hoped that the College will be able to provide summer courses and extra-mural courses to fulfil the aims outlined above.
